PRECISION INNOVATION

# THE JUNIOR.

The Junior incorporates the best features of the Evo3 Adult kart but with a shorter driving position and adjustable steering column, it allows for eight-year old's and upwards to easily fit into the gas kart. The weight saving and reduced power compared to the Evo3 Adult also makes for lighter steering and an easier driving experience.

## STANDARD SPECIFICATION.

### Chassis, Engine and Drive:

- Black high strength twin tube chassis.
- Honda GX120RH wet clutch engine.
- Engine preparation.
