The 2024 Evo3 XP integrates our most advanced petrol kart features with a new streamlined body design with ease of maintenance in mind. Its easily removable body panels facilitate effortless access to crucial kart components.

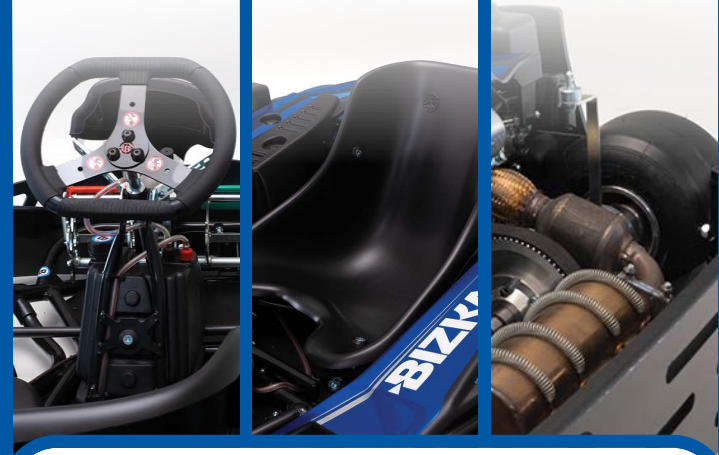

Renowned as our top-performing petrol kart, the Evo3 XP excels in precise handling and responsiveness. Its innovative modular bumper system allows swift and cost-effective replacement of sections as required.

The updated 2024 bodywork further amplifies its visual appeal, making the Evo3 XP a standout choice.
